Leopards, giraffes, and lions are from Africa, tigers and elephants from Asia, and kangaroos from Australia.</p> <p>They also keep some great animals from Iran like Iranian cheetahs and zebras. Iranian zebras live in the plain of Tooran in the center of Iran. Asian or Iranian cheetahs are endangered animals. They are very fast animals. There are only 70 of them in the east and central plains of Iran. Cheetahs are very good hunters. But there are not many animals to hunt in wildlife these days, so they are in danger and need our help. In the zoo, there are two Iranian cheetahs. We hope they increase and in future we have a lot of these beautiful animals in Iran's plains.</p> <p>28. Where are elephants and lions from?.....</p> <p>29.
